‘Love in the Service of Hope’ is the spirit of Caritas. As a dedicated team of Caritas education services, we strive to live out the spirit of Caritas by promoting ‘Love & Hope in Education’. This is how the name of this newsletter comes about.

There are many inspirational stories among our students. The stories are full of the power of love. Yesterday, a student who saw me from a distance called out excitedly and shared with me how delighted she was when she got a message from her family member in the Lunar New Year. She was so touched at that moment that all her resentments against her family member over the years were washed away. The trauma that her family member inflicted upon her at home was something really hard for her to bear.

With the strengths and the love within her, she laughed and said, “I thought I hated my family member, but I just realised that I still have a tender heart for this family member. Whenever I receive a message from my family member, my heart melts.” After going through so many hardships, she is still smiling, hoping for the best and striving for improvement in her studies. She is full of ambitions and hope for life, I see in her a student who is living with love, learning with love, and creating hope for herself.

In each academic year, more than 100 students are taking an active role in planning and organising student activities on campus. Apart from coping with the heavy workload in their studies, they actively participate and prepare activities for their fellow schoolmates. They are often working in the evenings, working all night through, and often holding meetings in the late evenings. With their spirit of serving the schoolmates, I see the spirit of Love in the Services of Hope!

Student Affairs Office serves as the home-base to support students’ campus life. Our colleagues are doing their best to serve, to guide and to support our students with love. I look forward to “Love and Hope” not only becoming a publication the students and faculty members love to read, but also serving as a candlelight that ignites Love and Hope.

Director of Student Affairs cum Assistant Professor
